Andrew WK - new music, Nardwuar, live shows, a TV show, his own label Skyscraper Music Maker & stuff

by [Andrew Friscano](#)

[Andrew WK](#) takes to the stage of Santos Party House, the club he partially owns, this Thursday, May 28th for a show with [Cherie Lily](#), [Height with Friends](#), [Ed Schrader](#), [DJ Dog Dick](#), [Ana Lola Romanhas](#) and host [Aleister X](#). Also appearing will be [Julia](#), [Samuel](#) and [Bad Brilliance](#). [Tickets](#) are on sale.

That event is a release party of sorts for the first record from Andrew WK's [Skyscraper Music Maker](#) label. That compilation, [DAMN! The Mixtape Vol. 1](#), released on May 25th, features "Andrew's work as a producer for Skyscraper Music Maker artists, [Bad Brilliance](#), [Aleister X](#), and more." Check out a streaming sample at [RCDLBL](#), and a trailer for it, along with the video for [Bad Brilliance's "It's So Fun"](#) (remixed by AWK), below.

This September, Skyscraper Music Maker (with its partner [Cargo Records](#)) will release Andrew WK's new record, [55 Cadillac](#), a disc of solo piano improvisations. There's an advertisement/preview video for the disc, also below.

Just a few days ago, Andrew WK started his own [Twitter](#), and already he's been dropping news bits (and trying to get people to [call him](#)). Along with more prosaic observations about [pizza](#) and [dusty Diet Coke](#), Andrew announced that his 2006 overseas-only album, delayed previously because of [contractual obligations](#), will finally be see US release, as well as new disc(?) [Young Lord](#). He writes, "[Close Calls With Brick Walls](#) is coming in the winter and [Young Lord](#) is next!"

Andrew WK is releasing material sooner than that even. [Nardwuar](#), the Canadian music personality, is putting out a 7-inch on June 23rd called [A Wild Pear!](#) split between his own band, [The Evaporators](#), and Andrew WK. The CD release party for that EP is part of a larger [Andrew WK summer Canadian tour](#) coming in June. That tour includes [Sled Island Fest](#) in June, and more shows with [The Evaporators](#) (who [killed it at SXSW this year](#)). All dates below.

Non-Canadians get Andrew WK love this summer too, as his new TV show, [DESTROY BUILD DESTROY](#), is premiering on Cartoon Network on June 20th. The program is "a
